Hi Amanda,

Thanks for sharing this draft with us. I've attached PTSLO's comments because one of our attorneys was not able to access the Sharepoint link. Let us know if you have any questions or concerns about our comments.

Best,

Subject: draft NOI response letter for review

Hello everyone,

Attached is a draft of the response letter for your review. I've also included a sharepoint link below. I was unsure of the exact formatting, but I wanted to send you this draft of the content for your initial reactions. Please note there is a blank section heading at the bottom where we could discuss some other considerations mentioned in the NOI (e.g., potential for movement outside of the test area, potential for changes in mosquito dynamics). I wanted to hear your thoughts on whether or not this was within the scope of the letter.

Also, please note that Chris Wozniak will be acting as a scientific secondary reviewer, but he has not had an opportunity to review the draft yet. Given the timeframe, we wanted to provide you with an opportunity to give feedback earlier in the process.
